

Paul Quinn

Paul Quinn is a Regeneration Manager with West Northamptonshire Development Corporation (WNDC), one of only three Urban Development Corporations in the U.K. and the only one outside London.

Part of the Milton Keynes and South Midlands growth area, WNDC is charged with overseeing the development of approximately 40,000 new homes and the regeneration of the town centres of Northampton, Daventry & Towcester. Creating sustainable communities – maximising the affordable housing offer, setting high environmental and design standards, providing quality community infrastructure and employment opportunities, etc. – is at the heart of WNDC's objectives.

Before WNDC Paul managed regeneration programmes in Leicester and the West Midlands, followed by a spell in the private sector working with some of the UK's largest developers and house builders. "
